Whereas the Student Initiatives Committee is dedicated to helping promote inclusive and student-driven social events; and

Whereas we believe that our job is to respond to the needs and desires of the student body; and

Whereas open and diverse social programming falls under the compelling interests established by the Council; and

Whereas many large venues are too expensive for student groups, much less individual students to rent out and many lack the resources and experience to plan large-scale events; therefore

Be it resolved that the UC allocate \$2500 from the SIC budget for the venue, publicity, security and other items to ensure a successful event for the winners of "Project H".
