  - Party Saavy Workshops
    - Did we fund it last year?
  - Stop Talk and Block
    - Formal event to address blocking
    - A lot of fun activities -- guests, etc.
    - What is the policy for FiCom funding?
  - SHIP event: Seems preemptive
- **Amendment proposed by Cameron:** Change SHIP event to \$1,000 and remove the Brown Sugar event to be sent to FiComm.
  - Brown Sugar is a repeated event
  - SHIP event
    - Shouldn't be funding so much
  - **Council votes to consider this amendment.**

- GoHC should not be a secondary FiCom, these groups should be going through FiCom first
- Q&A
  - Food, publicity: We're going to give them \$1500
    - Food
    - Paying for Northwest Labs
  - What is GoHC? What is FiCom?
  - Grace: A lot of money for Brown Sugar will go towards the band they're trying to get in
  - We would definitely be able to give the \$200 for Northwest Labs because we've done it before
  - SHIP event
    - If FiCom can't fund "swag," then what's the point
    - "\$2000 is too much money"
  - BrownSugar event will be sent to FiCom
    - FiCom does not fund visitors' guests
    - Can fund "DJs"
    - No real, set-down restrictions for GoHC
- Pro Con debate
  - For the GoHC grant, what is the ultimate goal?
    - Must be multilateral event
  - \$1000 instead of \$1500 for SHIP event
  - Stipulation for GoHC regarding new ideas
  - We can all attest an event can get better over time
    - More money -- \$1000 to restructure their event and help it become better over time
  - Pro Speech:
    - Brown Sugar is happening in Early April
    - Go to FiCom this week -- come back to us if you don't get that much money from FiCom
  - Activities that have happened the year before should at least immediately go to FiCom
- **Ayes have it -- amendment passes by majority voice vote.**
- Council moves to vote on 35S-08 Legislation as a whole.
  - Hand vote: Everyone else present - 1 - 1
  - **35S-08 passes by majority hand-vote.**

#### 35S-09: EBA grants pack

- Funding for the birthday cakes
- In Lowell Grille
- For members of the sophomore class in Lowell celebrating birthdays in January
- Retroactive
- Q&A

- How do you determine which “birthday parties” are funded by EBA and which aren’t?
  - Multiple birthdays, open to all Lowell friends
    - Very very inclusive
  - Condition that you have to pub it over the house email list?
    - Concerned about enforcements for retroactive EBA grants
    - It seems that enforcement might be an issue
- Pro Con debate
  - Con speech
    - In the future, there can be certain enforcements / requirements for pubbing to make sure it can actually be inclusive?
  - Pro speech
    - This event was much more open than might initially appear
- **35S-09 passes unanimously.**
- Constitutionally, according to legislation that has been passed in the past, we do not have to bring up EBA each time in front of the council -- EBA decisions can be up to purely the discretion of SIC.
