Project Name	Description	Compelling Interest	Major Costs	Requested	Proposed
Veritas Forum	<p>“We are planning the Veritas Forum to bring in two Professors to discuss the relationship between religion and science.</p> <p>The purpose of the event is to get people thinking about the big questions of truth in the context of a discussion of science between a religious and non-religious prestigious professor.</p> <p>We really want to provide a space for people of all faiths and faith backgrounds or no faith background to come together and constructively talk through tough questions to grow in the way that we relate to one another. Especially light of current events, we feel it is especially important to have open and inclusive discussions of religious faith. It is also extremely important to be asking ourselves hard questions about truth and what that looks like. We are excited to be partnering with many of the faith groups, humanist groups, and science groups on campus to get a great turnout and bring together diverse pieces of our campus.”</p>	Race and cultural relations	<p>Production (AV) - \$2500</p> <p>CQH Reception - \$1000</p> <p>Posters - \$477</p> <p>Programs - \$975.38</p> <p>Costs cut from initial submission: \$800 for travel, \$1000 for Honorariums</p>	\$4000	\$2500
